THIRTY-SIXTH YEAR. NO. 11.

CEDARVILLE, OHIO, FRIDAY, MARCH 14 1913.

PRICE, \$1.00 A YEAR

SCHOOL CONCERT GREAT SUCCESS.

The first annual concert of the Cedarville High School was a success in every particular. The house was sold out and many were forced to stand. The program was not only educational, inspiring and uplifting but gave the participants an opportunity to display their ability, much to the credit of the high school. From a financial standpoint a handsome sum will be turned into the music fund.

The readings by Mr. Ward McMillan, Misses Eula Tarbox and Kath. on Patti were well received. The encores of the latter with piano accompaniment were heartily received by the audience.

The musical numbers, a piano duet by Misses Patti and Collins, and a ladies quartette composed of Misses Irene Wright, Olive Winter, Maud Hastings, and Eula Tarbox and the piano solo by Miss Helen Oglesbee were highly appreciated.

The chorus numbers, especially the "Wandering in Woodlands" and "Montebank's Song" received enthusiastic plaudits of the audience.

The entertainment was under the direction of Supervisor of Music, G. E. Stegler, and was his first since taking this department in charge last fall. The Fairbanks Theatre Orchestra, Springfield, with Miss Helen Oglesbee as piano accompanist, added much to the entertainment. Miss Oglesbee was highly complimented by the orchestra for her efficient work and talent as a pianist.

Democrats Claim Twelve Districts.

The bill to redistrict the state has been offered in the House and provides for twenty-two districts, ten to be safely Republican and twelve Democratic.

The present Sixth has one county added, Adams, which goes first Republican and then Democratic. The population will be 185,169 and a Republican plurality of 4348 on the 1908 vote.

The Democrats are claiming that under recent elections the district cannot be termed safely Republican and with Adams added their chances of victory are brighter.

The bill may not be passed in the present form but it is said to have the approval of the leaders in Congress.

FOR SALE:—Team, bay mare, aged 7 and 8, weight 1400, both in foal and good workers. 10 head Delaine ewes that lamb in April. A. G. Gordon.

Local sportsmen are much interested in the fact that a number of Mallard ducks have been found in the vicinity of Massies creek. Mr. Murry Marshall of near Cedarville has killed several of the ducks recently. Wild geese are also plentiful throughout the country. The ducks and geese are thought to have been in migration and finding the weather in this locality to their liking have made more than their accustomed short call.—Republican.

CABLEGRAM.

CAIRO March 4.—Formalism, sectarian jealousies lost Egypt, to Mohammed.

United, Evangelism, Home Missions must save America for Christ, George Shanon.

There is nothing beyond the reach of prayer, but that which is beyond the will of God.

We are traveling to eternity's bar as fast as the wheels of time can roll us on.

Dr. McClaren used to say "The Church that is not Aggressive will die, and I was going to say the sooner the better; and I am sure it does not deserve, whether it gets it or not, Christian burial."

If you open your eyes you will find on every side opportunities for service waiting. Do not let them wait in vain.

Hurrah for the Shirt-sleeve Christians! May their true increase.

Dorothy Collins will lead the Christian Union Service Sabbath eve.

The Men's Banquet will be held next Friday evening at the church at 7 o'clock. Every man of the congregation is asked to attend without fail. Elaborate preparations are being made.

The Ladies' Reception at the Parsonage next Wednesday at 2 p. m. will be an event long to be remembered. Let every lady, older and younger, be sure to attend.

Mr. Fred Harris and his brother have returned home from the Ohio State University where they have been in attendance the last two months.

Mrs. Sadie Currie who has been in the Hospital at Xenia is reported as improving rapidly.

Mr. O. E. Bradfute has been suffering with an attack of pleurisy.

The Pastor's theme Sabbath will be "Men for the Times." Bring a friend to hear this special sermon.

Be a living spiritual people, read your Bibles and pray.

Remember the date March 21, the hour 7 p. m. and the place the Lecture Room of the Clifton United Presbyterian church.

A special meeting of the Men of the Church is called for next Sabbath at the close of the service. We want your presence.

The Pastor and Mr. George W. Rife were visiting last week on the West side of the congregation.

New members will be received March 30. Think over your list of neighbors and see if you can bring one at that time.

Mrs. Turner and Mrs. McCullough make little improvement if any. These families have the sympathy of all the congregation.

"Country folk must get together as often as possible; get acquainted with each other, and have a good time. It may be in the church; it may be in the schoolhouse; but the purely country church can furnish better entertainment, more of it, and of greater variety, with greater effect for good than any ordinary country schoolhouse; and that for obvious reasons."

If the Bible stopped short just here, yet would we know that Lot somehow did finally escape, because of his numerous progeny in the world to-day, who are so enfeebled when any exertion is needed in Christian living. They suddenly develop bronchitis or neuritis or "Sabbathitis" and a score of other unnamed infirmities of natural unwillingness, and cannot possibly be able for the most ordinary exercise of those who would escape from the city of destruction. Some of them could give their great-grandfather Lot points.

Urge Paving Of Street.

South Main street has been an eye-sore for many years and property holders have been at a loss to know what kind of improvement to make. Various councils have endeavored to fix the street but the spongy condition of the ground has made this almost a useless task.

A number of property owners are agitating a movement among the residents to ask council to pave the street and thus make one expense do for many years.

It is contended that brick paving would not cost in ten years what the material used the past ten amounted to, and there is nothing to show for it today. The property owners favoring brick paving must present a petition to council signed by a majority of frontage before council can take action. After the ordinance is passed it will require 30 days wait under the referendum law.

LAST BASKET BALL GAME.

Next Tuesday night, March 18, the Xenia Seminary will play the boys' team of the college, and the Freshman girls will play the girls of the other three classes.

The college girls have the championship of Southwest Ohio. They leave Saturday for Granville where they will play the Denison University team. This is the last trip away this year. The games at home next Tuesday night will be the last games this year.

President Wilson has stated that
he proposed to be in closer relation-
ship with congress than has been the
custom in years past. The constitu-
tion says that there shall be three
branches of government, legislative,
executive and judicial, and each
shall be kept separate and indepen-
dent. It was Washington who en-
deavored to do business with con-
gress such as Wilson proposes.
Washington's experience was such
that he stated that he would not try
again and from that day no chief
executive, even Roosevelt, ever fol-
lowed such a course.

The parcel post is undergoing
some changes and gradually
system is being worked out that will
meet the needs of the patrons and
yet return a fair profit to the govern-
ment. It has been proposed to
abolish third class mail and permit
all this to be sent under parcel post
rates. Another feature that has
been annoying and that is the zone
system. Most patrons cannot see
the necessity of a different kind of a
stamp for parcels and want the
regulation stamp used. In time all
these conditions will be worked out
by the department and the public
given the benefit.

Hon. M. R. Denver, three times
congressman from this district, has
retired to private life at his home in
Wilmington after six years of faith-
ful service in the National House.
A man of strong personality, his
ability, sincerity and integrity un-

represented in a manner that placed
Mr. Denver in the rank of the lead-
ers of this party. His record is one
that any man can well be proud of.
For Matt Denver as a congressman
was only the banker, manufacturer
farmer citizen. Clinton county has
known since the days of General
Denver. The Herald cannot help
but point with pride to Mr. Denver's
success that all our promises of the
candidate have been more than ful-
filled. Our earnest and conscientious
support during the campaign has
resulted to the credit of the district
and not one citizen has heard of
Mr. Denver's acts. Higher
honors await Mr. Denver and it
will be no less than the governor-
ship.

INTERNATIONAL SUNDAY SCHOOL LESSON

(By E. O. MILLER, Director of 275-
thousand in the Moody Bible In-
stitute of Chicago.)

LESSON FOR MARCH 16.

THE TEST OF ABRAHAM'S FAITH.

LESSON TEXT—Gen. 22:1-12.
GOLDEN TEXT—I desire goodness
and not sacrifice; and the knowledge of
God more than burnt offerings.—Hov.
8:1.

The birth of Isaac ("laughter")
17:19, and the setting aside of the son
of the bond woman, a story so rich
with suggestiveness, forms the con-
nection between the lesson of last
week and the one of this week.

I. Sacrifice Required. "God did
prove Abraham" (R. V.) 22:1-2. Abra-
ham's ready response, "Behold, I am
here," gives evidence of his life long
habit of obedience. He was ready
for sacrifice or service. His habit of
taking God at his word prepared him
for this final act of testing; and per-
fecting of his faith. The ravens
which "proved" is a better rendering than
the authorized version "tempt." God
does not tempt, i. e., solicit men to
evil. Jas. 1:13, but he does "prove"
men: see Ex. 20:20 and 1 Peter 1:12.
Abraham had been tried before but
what father is there who will not say
that his is the supreme test, for he in-
cites "up to give up his only son,
whom thou cherishest."

Abraham's Faith.
Superficial critics have taken oc-
casion to make light of a God who would
make such a demand upon an earthly
father. We need to remember that
Abraham had doubtless witnessed hu-
man sacrifices in Chaldea and that
having seen God's faithfulness and his
past deliverances, he had enough
faith to believe that God could in his
own Providence deliver Isaac. Fur-
ther, attention has been called to the
exact language of the text, viz., God's
demand was that Abraham "offer" (not
"kill") Isaac as a sacrifice. The literal
language is "make him go up" upon
the altar, doubtless in symbol. We
read elsewhere, Heb. 11:17 that "Abra-
ham offered up Isaac," but we know
he did not kill Isaac. Those who
stumble at that part of the story miss
the great lesson God intended to teach
in the record of this incident. How-
ever, Abraham was ready to do (v. 10)
what God himself did actually do when
he gave his "only son," John 3:16.
Rom. 8:32. Isaac was the child of the
promise, hence the only son (cf. Gen.
21:12). This makes the text more se-
vere for Isaac had been sent up, v.
21:14. God today is calling upon fa-
thers to sacrifice their sons, and fathers
are sacrificing though not always unto
God. We must put our children upon
the altar. Matt. 10:37.

II. Sacrifice Granted. "Abraham
rose up early," v. 3:16. The writer
of Genesis has left us to fill in the
story and the mental agony that
must have surged through Abraham's
heart, yet we again see a wonderful
illustration of prompt obedience, cf.
Ex. 19:80.

Abraham's Devotion.
Attention has been called to Isaac
as a type of Christ (cf. John 10:17-18).
(1) His name, given before birth; (2)
His birth, supernatural, predicted; (3)
His offering, a by his father; (4) volun-
tary; (5) risen from the dead; (6) His
marriage; a bride selected by his father;
7, servant calls the bride; 8, meet-
ing of bride and bridegroom. In this
connection we behold Isaac bearing
the wood (v. 8) a reminder of Christ
bearing his cross, John 19:17. The
test to Abraham's faith was, "Go
to the point that 'he took the knife to
slay his son,' when God intervened.
The repetition, 'Abraham, Abraham,'
suggests the urgency of God to save
and the devotion of Abraham in that
he was not easily turned aside nor
looking for a way of escape; a dis-
agreeable duty, but a noble one, sus-
tained to the end (Rom. 4:20, 21 R. V.)
and out of it all he is abundantly re-
warded, vv. 15-18 and 24-25.

III. Sacrifice Provided. "A lamb
caught in the thicket," v. 11:15. Again
God spoke to Abraham through "an
angel," an old Hebrew way of saying
that God made himself known. It has
been suggested that at this point the
Hebrew broke away from human sacri-
fices. There is nothing in this story
to sustain any claim that God justifies
human sacrifices, but the exact con-
trary, for God gave Isaac back to
Abraham (Heb. 1:19 R. V.) and that
he is constantly doing to those who
surrender their all and their best to
him. Mark 10:29. From 11:24-25
Abraham did not leave the mountain
until he had offered a sacrifice and
can question but that his heart
was filled with great joy and thank-
sgiving unto God, 2 Cor. 9:15. Without
the shedding of blood we cannot ap-
proach God.

Abraham is a type of true piety
and is constantly held up by New Tes-
tament writers as the ideal of religion;
the reason is that religion never
changes, it is the attitude of the soul
to God. Read Horace Bushnell's ex-
perience as related in "Dissolving of
Doubts." Some men seem to pass
through life without much testing, the
question is suggested, are they worth
testing, are they of sufficient value.
"Trials are God's vote of confidence."
This is also a great illustration of
substitutionary sacrifice, ask Isaac if
he believed it? Ask the question,
"How do we show our faith?"

Cut Your Seed Bill in Two== An Excelsior Will Do It

How much seed do you sow to the acre? Most farmers that
haven't an EXCELSIOR Alfalfa and Clover Drill use 15 to 20 pounds
to the acre. Farmers that have operated an EXCELSIOR generally
pay 6 to 9 pounds of seed and secure a good catch, because ALL of
the seed is put in the ground, evenly, accurately and not too deep,
and in furrows only 4 inches apart, thus insuring a maximum tonnage
to the acre.

Your yield of wheat will be increased also from 3 to 7 bushels to
the acre through proper cultivation. The discs on an EXCELSIOR
are turned to a very slight angle, no damage done to the tender tap
roots of wheat or timothy plants.

The original and only practical drill. Call and see us. Look
the EXCELSIOR over, you will then understand why it will pay you
to purchase now.

Woman Finally Recovers

From Nervous Breakdown

Impoverished nerves destroy many
people before their time. Often be-
fore a sufferer realizes what the
trouble is, she is on the verge of a
complete nervous breakdown. It
is of the utmost importance to keep
your nervous system in good con-
dition, as the nerves are the source
of all bodily power. Mrs. Anna
Kounz, 211 Mechanic St., Pueblo,
Colo., says:

"For many years I suffered from
nervous prostration. I was unable
to do any house work and doctors
failed to help me. Remedies I
tried from druggists did not do
me a particle of good. A neighbor
told me about Dr. Miles' Nervine

and he procured a bottle. After the
first few doses I showed a marked
improvement and after taking two
bottles I was entirely cured. I have
been perfectly well for years and
cannot praise Dr. Miles' Nervine
too highly."

If you are troubled with loss of
appetite, poor digestion, weakness,
inability to sleep, if you are in a
general run down condition and
unable to bear your part of the
daily grind of life, you need some-
thing to strengthen your nerves.
You may not realize what is the mat-
ter with you, but that is no reason
why you should delay treatment.

Dr. Miles' Nervine

has proven its value in nervous dis-
orders for thirty years, and merits
a trial, no matter how many other
remedies have failed to help you.
Sold by all druggists. If first bottle
fails to benefit your money is returned.

RESULTS OF BEET CULTURE.

Wonderful Effect in Increasing Farm
Values and Helping Local Trade.

"In order to obtain accurate informa-
tion regarding the average results
brought about locally by the estab-
lishment of beet sugar factories in the
various communities where such fac-
tories have been erected," says Truman
G. Palmer, secretary of the United
States Beet Sugar Industry, in a report
which has been published as a congres-
sional document, "I recently wrote to
the local bankers, county assessors and
postmasters where each of these sugar
factories is located and to the sugar
companies as well, inclosing a blank in
which were some thirty-one questions.
Not all the blanks have been returned,
but I will give the gist of those al-
ready received. I may add that not a
word of discouragement was expressed
in any answer in any report.

"I asked, 'What gross proceeds per
acre are your farmers able to secure in
beet culture?' In most instances they
gave me the range from the lowest to
the highest. The lowest was \$25, the
highest \$150, the average of all \$69.40
per acre.

"The next question was, 'And how
does this compare with what they ob-
tain in raising other crops?' Among the
replies were: 'One hundred per cent
higher,' 'Beets beat crops we can grow,'
'Favorable,' 'Very much in excess of
other crops,' 'About 300 per cent,' 'An
increase of 50 per cent,' 'A decided im-
provement,' 'About three times as much.'

"Then I asked, 'As the farmers be-
come familiar with beet' raising are
they more or are they less anxious to
raise beets?' All replied that they
were more anxious, that interest was
increasing and, in all but one case, that
the acreage was being extended.

"I asked next, 'Have farm mortgages
increased or decreased since the erec-
tion of the factory, and to what ex-
tent?' All but two stated that they
had decreased, some materially, some
25 per cent, some 30 per cent, one that
very few farms were now mortgaged.

"Two stated that farm mortgages had
increased owing to the fact that rent-
ers were becoming able to buy on par-
tial payments.

"I then asked for the average price
of agricultural lands prior to the erec-
tion of the factory and at the present
time. Two gave no price before the
factory was erected, 'the land being a
desert and of little value, and in one
of those sections now being worth
\$100 per acre, in the other \$150 per
acre. Of the others, the smallest in-
crease was 20 per cent, the greatest
250 per cent. The average price of all
was \$9.38, per acre prior to the erec-
tion of the factory and \$75.55 per acre
at the present time. The average in-
crease in value was 124 per cent.

"The next question was, 'What ef-
fect has the erection of the factory had
on the prosperity of the farmers?'
Here are some of the replies: 'Glorious,'
'Profitable double,' 'They are paying off
and renters are buying farms,' 'Good,'
'Much interest shown,' 'Diversity of
crops,' 'Enables them to buy land and
build homes,' 'Better prices and de-
mand for produce of all kinds,' 'Great-
ly increased.'

"I think this pretty accurately shows
up the situation as to the far-reaching
beneficial effect of the erection of a
beet sugar factory on surrounding
farmers.

"But this is only a part of it. Mer-
chants and real estate men are affected
—in fact, the whole community.
I called for the assessed value of all
town property before the erection of
the factories and at the present time,
the same information as to population,
average price of residence lots and of
business lots. The replies show the
average increase to be as follows:

Assessed valuation, increase.....	15%
Population, increase.....	53%
Average value of residence lots, in- crease.....	63%
Average value of business lots, in- crease.....	158%

"All these results are directly and
wholly attributable to the erection of
the beet sugar factories. I put another
question, 'What effect has the erection
of the factory had on the prosperity of
your merchants?' Here are some of
the replies: 'Greatly increased,' 'Busi-
ness doubled,' 'Profits doubled,' 'Many
new stores,' 'Prosperous,' 'No failures,'
'Increased cash sales,' 'Increased the
business 1000 per cent,' 'Neither mer-
chants nor prosperity before.'

"The question is, Do we want 600
more such towns, each surrounded by
a thousand or more prosperous farm-
ers' families, or will we destroy this
industry and turn the control of the
sugar supply of the nation over to the
sugar trust and its fellow refiners by
granting their demands for the removal
of the tariff and so run the risk of se-
ling the birthright of the American
farmer for a mess of pottage?"

Competition Lowers Prices.

Excepting domestic beet sugar, prac-
tically all sugar consumed by the Amer-
ican people is purchased as raw sugar
by the four seed-and-refining concerns,
which fix the price consumers must pay
for their refined product. All domestic
beet sugar leaves the factory ready for
the table and enters into direct compe-
tition with the product of the refiners of
foreign raw sugar. During the three
to five months in which domestic beet
sugar is marketed the competition it
creates compels the refiners to reduce
their prices of withdrawal from the mar-
ket. If there were no domestic beet
sugar the price of sugar would be
higher during three to five months of
each year, and if more beet sugar were
produced the price of sugar would be
lower throughout the year.—Senate
Document No. 252, Fifty-second Congress.
